

CARDIO MB10

Automatic blood pressure monitor with ECG function

Detects atrial fibrillations and premature ventricular contractions

Medel iBP ECG app for data transfer to smartphone

Universal cuff 22-42 cm

Data transfer to PC

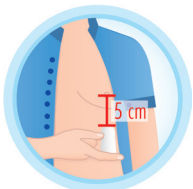

3-Year Warranty

Medel **CARDIO MB10** blood pressure monitor with ECG function automatically measures the blood pressure and pulse on the upper arm. 1-channel ECG device for recording heart rhythm. Free access to Medel iBP ECG app and PC software for data transfer.

Class IIa Medical Device.

- Detects atrial fibrillations and premature ventricular contractions
- 2 Users with 60 memory spaces
- Classification of measurements
- USB port and Bluetooth® technology for data transfer
- Batteries, storage pouch and USB cable included

TECHNICAL SPECIFICATIONS

| | |
|--------------------------------------|--|
| Technology | Oscillometric, non-invasive blood pressure measurement on the upper arm. Single-channel ECG in freely selectable front positions / ECG signal ground (heart) |
| Accuracy | Pressure +/- 3 mmHg heart beats +/- 4% |
| Measurement range | Pressure from 30 to 280 mmHg; pulse 40-180 heart beats/min |
| Power supply | 4 alkaline AAA |
| ECG range/sample rate | from 0,05 to 40 Hz / 256 Hz |
| Memory | 2 x 60 memory spaces |
| Users | 2 |
| Systolic/Diastolic and Pulse display | ✓ |
| Date and time | ✓ |
| Irregular heartbeat indicator | ✓ |
| Measurements average | Visible when software and app are in use |
| LCD size (bxh) | 12 x 7 cm |
| Cuff type | Soft |
| Cuff size | Universal 22-42 cm |

ACCESSORIES

- Universal cuff 22-42 cm
- Soft bag for transport and storage
- ECG Stick
- USB cable
